

How to Syndicate Guard Card Course 8 Hours

Enabling Syndication is Easy:

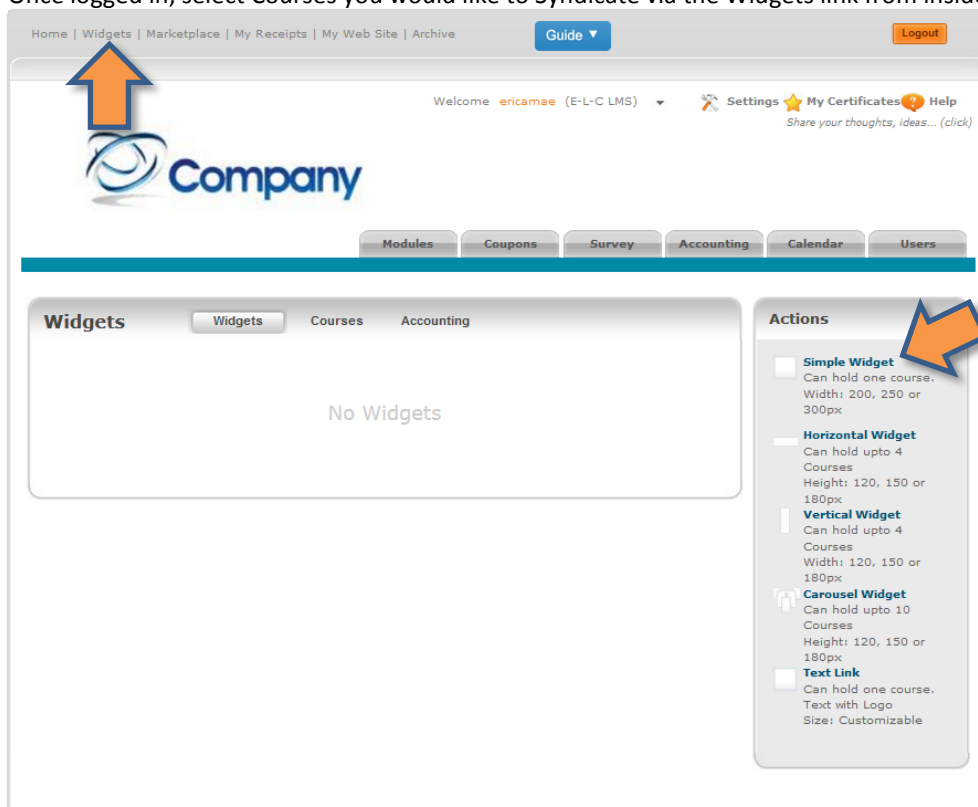

“Coggnno Widgets” are a series of small, easily configurable elements that can be used to feature Coggnno training on your blogs and websites. It is a tremendous means to expand your audience and monetize your website. When a visitor to your site clicks on a course via a Coggnno Widget and makes a purchase, you will receive a referral commission from Coggnno designated by the training creator – AEGIS Security & Investigations Inc.

How to get started:

1. Register and Create a Free Coggnno account

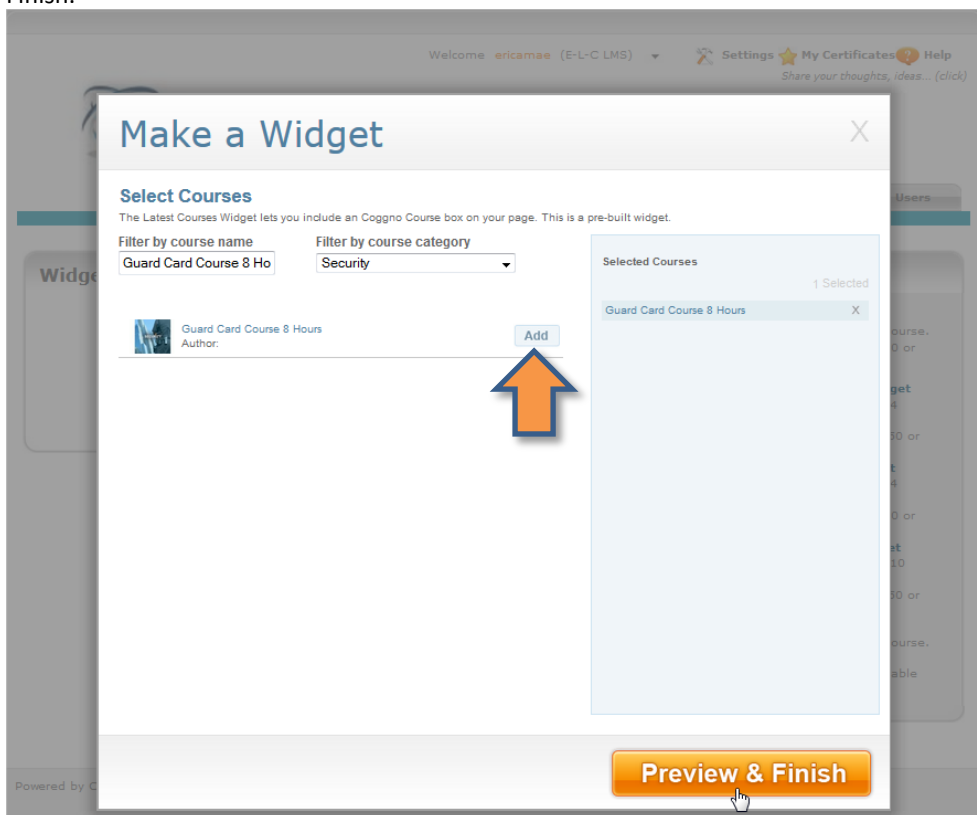

2. Once logged in, select Courses you would like to Syndicate via the Widgets link from inside your account

3. Choose the type of widget you'd like to put on your site.

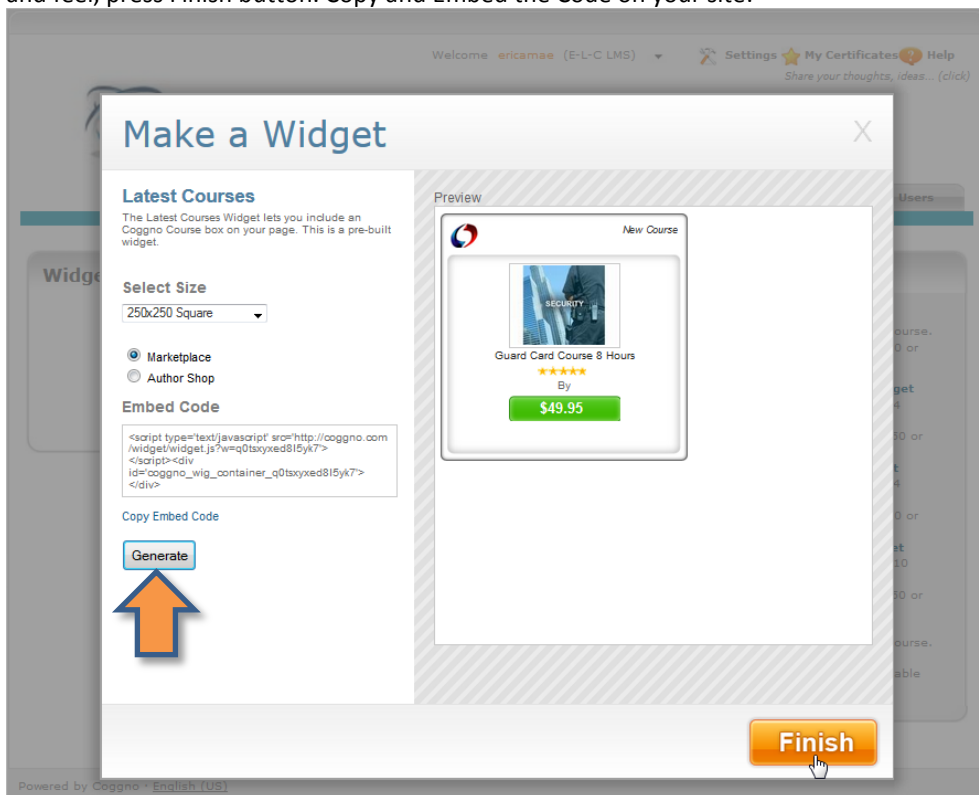

<p>Simple Widget Can hold one course. Width: 200, 250 or 300px</p>		Can hold 1 course (Width: 200, 250 or 300px)
<p>Horizontal Widget Can hold up to 4 Courses Height: 120, 150 or 180px</p>		Can hold up to 4 courses (Height: 120, 150 or 180px)
<p>Vertical Widget Can hold up to 4 Courses Width: 120, 150 or 180px</p>		Can hold up to 4 courses (Width: 120, 150 or 180px)
<p>Carousel Widget Can hold up to 10 Courses Height: 120, 150 or 180px</p>		Can hold up to 10 courses (Height: 120, 150 or 180px)
<p>Text Link Can hold one course. Text with Logo Size: Customizable</p>		Simple Links: Can hold 1 course (text link, link with course description, link with course description and icon, link with course icon, link with description and author)
<p>Latest Course Displays most recent course Type: Simple Widget Width: 200, 250 or 300px</p>		A simple Widget which shows latest published course of author

4. Type Aegis course > Guard Card 8 Hours or look for it under course category, and click Add. Click Preview and Finish.

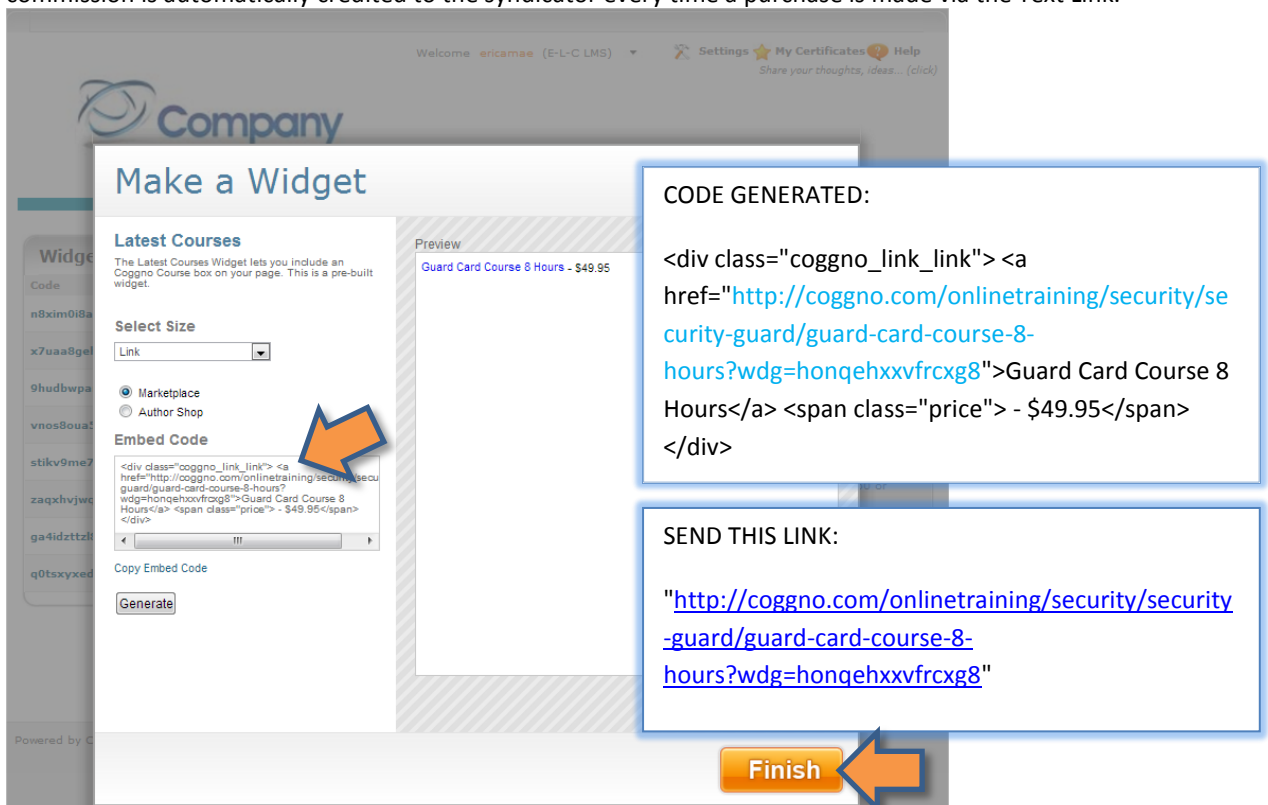

The screenshot shows the 'Make a Widget' dialog box. It has a title bar with a close button. Below the title is the section 'Select Courses' with a sub-header: 'The Latest Courses Widget lets you include an Coggnno Course box on your page. This is a pre-built widget.' There are two filters: 'Filter by course name' with a text input containing 'Guard Card Course 8 Ho' and 'Filter by course category' with a dropdown menu set to 'Security'. Below the filters is a list of courses. One course, 'Guard Card Course 8 Hours' by 'Author:', is shown with a small thumbnail and an 'Add' button. A large blue arrow points to this 'Add' button. To the right is a 'Selected Courses' panel showing '1 Selected' and the course 'Guard Card Course 8 Hours' with an 'X' to remove it. At the bottom of the dialog is a large orange button labeled 'Preview & Finish'.

- Click the Generate button, the HTML codes will appear, check Preview and if you are satisfied with the look and feel, press Finish button. Copy and Embed the Code on your site.

- For syndicators without a website, the Text Link can be used to generate a URL to be copied, pasted, and send via emails and other electronic means of communication. The Text Link already has a “tracker”, so referral commission is automatically credited to the syndicator every time a purchase is made via the Text Link.

7. The revenue generated by the Widgets will appear in your accounting tab on your Coggnno account.
